
EZ-MOUNT BRACKET

Installation Instructions

MODEL DZ-1

Specifications: **Alternate Mounting Bracket for Envirofan Ceiling Fans**

Features:

- Designed for mounting fan directly to metal fan box
- UL Listed

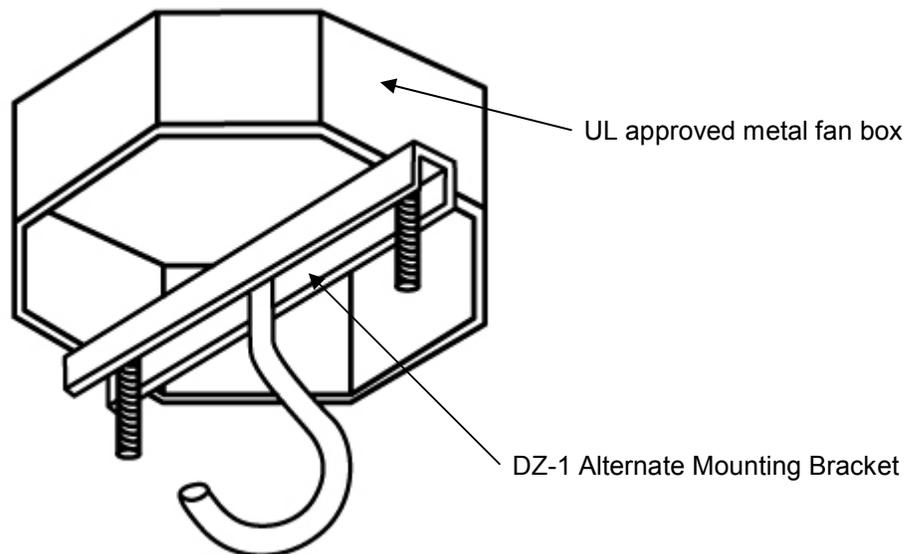

Warning:

Disconnect power supply before wiring connections are made to prevent possible electrical shock or damage to equipment. Read and follow instructions carefully. Failure to comply with instructions could result in fire, electrical shock, injury to persons, and/or damage to equipment.

All wiring should conform to the National Electrical Code and local regulations.

Installation:

1. The DZ-1 mounting bracket must be mounted to a UL approved metal fan box marked "acceptable for fan support."
2. The mounting screws provided with the metal fan box must be used.
3. The weight of the fan together with the intended combination of accessories installed cannot exceed 35 pounds.
4. After metal fan box is installed, using screws provided, attach DZ-1 mount bracket to outlet box as shown in illustration.
5. Make sure all screws are securely fastened before hanging fan.
6. Install safety cable to extra j-hook provided for added protection.
